

Honors Course Form: Completion

All Honors candidates must designate **one** course from their major program as an **Honors Course** (course must be at the 300 or 400 level). The professor, in consultation with the student, will determine an appropriate **Honors component** for the course. An Honors component might involve writing a more in-depth paper in a particular area of interest, additional readings, a presentation, or other modifications to a course's requirements. Ideally, the extra assignment will relate to the honors thesis in some way, perhaps taking up a similar topic though in a different piece of literature.

As soon as you have COMPLETED the Honors Course, fill out this form, obtain the necessary signatures, and turn the form in to the Honors Coordinator.
